What do you know about youth hostels?
What do you know about S.A.Y.H.A.?

A hostel is a form of low-cost, short-term shared sociable lodging where guests can rent a bed, in a dormitory, with shared use of a lounge and sometimes a kitchen. Rooms can hold more than one guest and have private or shared bathrooms. It was the year 1909 in Germany when a teacher called Richard Schirrmann had the idea of turning a school closed for summer vacation into a cheap dormitory for young travelers on a budget. A few years after that, the Youth Hostel was already a success all over Germany and Europe.

Another Answer:

Youth hostels are places where people, especially young people who are travelling, can stay very cheaply for a short time. Guests share rooms and bathroom in these youth hostels so they have good chance to meet other people with different nationalities and share experiences.

Discussion

Where do you stay when you travel? Describe the places where you stay.

When I travel I usually stay in hotels or I rent small flats. If I am staying in a hotel, I book a room in a simple quiet area near the city Centre. There should be a clean bed and a closet and a private bathroom, I care about nothing else. If I am staying for a quite long time, I rent a flat. It should be clean and near the facilities and places of interest, as well.
